

Welcome

I know that because you are here, you are someone who wants to challenge yourself or your child to higher standards. I remember my first training session, over 30 years ago. I was apprehensive, but intrigued by this mysterious martial art. I didn't know then but I do now, that this activity, these people who train together, share physical, mental and moral ideals that can change lives for the better. I am privileged to be able to offer you or your children the same opportunity.

Hayden Breese and the members of Threshold welcome you to our Martial Arts School. Training in Taekwon-Do is a rewarding activity that will benefit you in many facets of life. Some people look to increase their fitness or their ability to protect themselves. Others want to meet new people. Whatever your reason for giving this a go, I congratulate you for taking this first step.

Threshold Taekwon-Do is part of International Taekwon-Do, an organization that has a network of 80+ Schools throughout New Zealand. There is a set training syllabus that you will work through on your way to a Black Belt. Your instructor will guide you every step of the way. Every level has an incremental increase in difficulty. You can work through this syllabus at a pace that suits you.
